I wish to note that the implementation will be coordinated directly between UNDP and the Gaza-CLA, including the receiving of a letter from UNDP regarding the control and safeguarding mechanism that will be utilized by UNDP, in order to prevent any irregularities in the handling and usage of the items and materials that will be coordinated into the Gaza Strip as part of the implementation as well as preventing any intervention from Hamas or any other terrorist organization in the process of implementation.

In addition, I wish to note, that the entry of the requested items to the Gaza Strip will be subject to the capacities of the crossings as well as the security situation on the ground.

Yours,

Col. Alex Rosenzweig
Head of the Civil Coordination Section- COGAT
