Project Description:

This project addresses the empowerment of youth through the capacity building of youth coalition, implementing youth projects, and strategic planning.

Objectives:

The project aims to empower young people between the age 14-22 to fully participate and contribute to the development of the Palestinian society. The following immediate objectives are envisaged:

1. To increase the ability of youth to manage their own activities in an organized and independent manner
2. To ensure that the youth coalition is able to implement activities in a participatory manner
3. To increase the capacity of the youth coalition to serve a youth advocacy and lobbying capacity

Locations:

West Bank and Gaza

Products:

- Youth coalition
- Mission statement of the coalition
