Project Description:

This project will establish 2 community centers and 3 homework/ small community centers for affected school going children, women's groups and youth in isolated and alienated communities along the adjacent areas.

- 1 community center in Rafah
- 1 homework/ small community center in Gaza
- 1 community center and 2 homework center/ small community center in West Bank

Objectives:

Reconstruct vital infrastructure and services through the execution of physical components

Locations:

Gaza and West Bank – more detailed location will confirmed later

Products:

The followings are expected products:

- 2 community centers (one in Rafah and one in West Bank)
- 3 homework/ small community centers (one in Gaza and two in West Bank)

Outputs:

The followings are expected outputs.

- Increased access and social services, which especially are necessary for youth and women – measured by the number of people who use the facilities
- Training of 30 youth mentors
